REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

This application is deemed to be directed to a nonobvious improvement over the invention patented in USPN 5,010,061 (Speck et al.). Speck et al. do not teach a swallowing-assistive drink in a prepared form in the absence of a medication prior to enwrapping the medicine. It would not have been obvious to a person of ordinary skill in the art to package Speck's formulation such that the patient could carry the formulation in a prepared form. According to applicant's specification, a prepared form is a swallowing-assistive drink with excellent stability, and is easy to carry if filled in a small container or the like, being convenient when patients go out.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 1-24 are allowed.
